o rain. The back of the cab shall be fully planked and provided with a window with a sliding shutter. The seat and back shall have comfortable cushions covered with good quality leather or rexine The space below the seat shall be arranged for a tool box with locking devices. Provision shall also be made for keeping papers and records in the cabin as well as fixing a first aid box. The cab shall be of strong wooden construction stiffened by angle iron and fixed firmly to the underframe.

The Truck Body shall consist of a high leading platform with drop sides and provided with four vertical angle iron stiffeners at intervals on each side. The longitudinal principal members should be seasoned hard wood and suit the channel iron chassis to which it should be fixed by means of U Clamp and necessary bolts and nuts.

The floor planking shall be of well seasoned wood and be not less than 1½" thick properly secured to the principal members of the chassis. The tail and side boards shall be suitably hinged to platform to drop and also be capable of being removed completely whenever necessary. A ½" round bar shall be provided to hold the side boards securely in position at the centre. Hooks for lashing tarpaulin ropes as well as ropes for securely tying the materials shall be provided. The petrol tank of the lorry shall be protected by planks in the sides to prevent damage by mud splashing allowing enough space for purposes of cleaning, etc.

Two boxes one on each side shall be provided for use as either tool boxes or for keeping petrol cans securely and shall be under hung below the platform with locking devices, etc., complete. The rear wheels shall be provided with mud guards of sufficient width and strength and secured to the frame by strong clamps and brackets 1½" M.S. flat iron longitudinal bars shall be fixed on the top surface of the floor planks of the truck. These shall be not less than 4 in number.

PAINTING.

Two coats of good quality green paint shall be used. On the top of the cab a board superscribed "Government of Mysore, Electrical Department" should be provided with black letters on white background. Two number plates shall be provided, one in the front and one in the rear, in the approved manner, with the numbers painted thereon.

Not withstanding anything specified above the vehicles shall be perfectly suitable for the purpose intended and the tenderers submitting full specifications of improvements and suggestions will be given prime consideration. The successful tenderer is required to consult the Chief Electrical Engineer.

Intending tenderers should quote the minimum time required for the construction of the above, and the rate quoted by them shall be firm for a period of two months from the date of the tender, and when once the rate is accepted and orders are placed within that period no enhancement of rate for whatever reason can be granted.

N.B.—1. Each tender should be accompanied by a treasury chellan for having deposited a sum of Rs. 300 to the personal deposit account of the Secretary, Stores Purchase Committee, into the District Treasury, Bangalore. Without the earnest money deposit, the tender will not be considered.

2. The successful tenderer should be prepared to pay a security deposit equal to 5 per cent of the value of the indent, immediately on acceptance of the tender by the Stores Purchase Committee, and he should execute a stamped agreement.

3. The successful tenderer should own a Garage in Bangalore and the work should be done at Bangalore and any other minor alterations or adjustments which the Electrical Department suggest, while the work is in progress, should be done by the contractors.

4. The tenderers should be prepared to bind themselves to any other condition which the Stores Purchase Committee deems expedient to impose while placing orders.

5. The Stores Purchase Committee reserves the right to reject or overlook any tender without assigning any reasons therefor.

6. Sales-tax, if any, should be quoted separately.

7. Quotations will be opened at 2 P.M. on the next working day after the closing date.

8. No enhancement of prices will be allowed after the acceptance of the tender.

9. Tenderers should submit their own blue prints, etc.
